AV Touch Panel Camera Screen

Using the AV Touch Panel in a Zoom Capable Classroom

1. Connect the USB and HDMI cables to your device. This will automatically wake up the projector, confidence monitor, microphone and speakers. Launch your Zoom meeting.
2. Select the Shure P300 microphone and speaker option.
3. Select the camera you wish to use – Mini USB (front camera) or the one with the “long” name (back camera).
 - a. Press the Camera Control Selector on the Crestron touch panel to wake the camera in the back of the room.
4. Select the desired camera preset from the three options on the left of the Crestron touch panel.
5. Use Zoom as normal to share a PowerPoint lecture, share the front or back camera, or a combination of both cameras.
